I am afraid and scared of you, you terrify me, and there is damn good reason to be. You lied flat out to a court because you thought this delusional, irrational crap, and you made a statement that was purely based on your imagination. You made a statement full of lies to the court as though it was factual and real, which was purely based on your overactive imagination And need to punish me. You told the court flat out lies full of Ridiculous, absurd ludicrous delusional nonsense to try and take away my freedom. You made a false statement to the court because you didn't think I'd been punished enough, as you've told me and filled it with a bunch of Irrational, delusional, Unrealistic nonsense. Any statement made to the court has to be factual, truthful, and accurate. It doesn't matter that it's a victim statement. You flat out lied to a court based purely on your overactive imagination and need to vilify, demonize and punish me as you want me punished. You Project, all of this irrational delusional stuff on me, as though it is real, and I am that Person. So yes, I am completely Terrified of you. I am afraid, scared, and petrified by your need to punish me to vilify me to demonize me and to harm and hurt me. Your last statement and opinion is proof that you intentionally want to harm and hurt me.
